Details:

This exclusive, newly-built project is under construction in a prime location on the north coast of Mallorca, only a few steps from the sea and the idyllic beaches of the immediate area. It presents a wonderful combination of modern architecture, well-considered design, and high-quality interior specifications.

The complex consists of 19 living units distributed over 4 levels, with 33 external parking spaces with pre-installation for electric vehicle charging points.

On the ground level there are 2 staircases, 2 lifts, and 4 apartments each with terrace and garden. Distributed over each of the 3 upper levels are 5 apartments, accessible via stairs or the lifts. On the roof there is a communal area for installations, and for 5 private terraces which belong to the 3rd. floor apartments, with pre-installation for a pool.

The communal external area includes a pool, a large sun terrace, the garden, and a childrens' playground for the younger occupants.
