Details:

This unique finca-property is situated in the heart of Mallorca and is available for short-term rental from a period of 6 months. Offering a perfect combination of comfort and surrounding nature, the finca stands on a plot of 13.000 sqm with a living space of 240 sqm including 4 bedrooms, 2 bathrooms and an additional organic outdoor WC. The house is completely self-sufficient, without a water or electricity connection. The electricity is supplied by 24 solar panels with battery storage and an emergency generator, and the water supply is from a private water source.

On the ground floor are 3 bedrooms on different levels, a gallery room (usable as an office, meditation room or additional bedroom), 2 living rooms, a fully equipped kitchen and a large wood-burning stove which heats the main areas of the house in winter. Partial underfloor heating and two further wood-burning stoves provide additional warmth.

On the upper level is a luxurious master suite with its own bathroom, walk-in wardrobe, oversized bed and bathtub, and a roof terrace with sun lounger. Smaller highlights, such as a heated mirror in the master bathroom, provide additional comfort. The exceptional property would be ideal for yogis or creatives as there is a large oriental camping area with diverse chill-out zones.

The outdoor facilities are equally impressive: a 15 x 4 m saltwater pool, a pink pond with palm trees and hanging chairs, various terraces, an organic vegetable garden and a ritual cottage offer plenty of space for relaxation. There are also fitness areas, a large chicken coop, an equipment room and even a pet cat called "Panamá".

Modern amenities include Wi-Fi via 2 Starlink routers and a SONOS MOVE sound system with additional speakers in the house.
